Through the Rosary, Eucharistic Adoration, and the gentle intercession of the Blessed Mother, Nikki experienced the Real Presence of Christ and entered the fullness of the Catholic Church. Her children later followed her into the faith.

Stories like Nikki's remind us of the powerful role of the Holy Rosary in drawing souls to Jesus—a devotion Our Lady has repeatedly emphasized at Fatima and other approved apparitions for the conversion of hearts, including those from other faiths. The Rosary is not just a prayer but a weapon of grace, a lifeline that leads us closer to the Heart of Christ.

Have you witnessed or experienced the power of the Rosary in someone's conversion journey? Or perhaps it has transformed your own faith? Share in the comments—your testimony could plant seeds of hope for others searching for truth!

One powerful testimony that continues to inspire many is that of Nikki Kingsley, a woman born and raised in a Muslim family in Pakistan. Seeking truth with a passionate heart, Nikki's journey took an unexpected turn when she encountered the Catholic faith.

A friend gave her a Rosary—something familiar yet new, as it reminded her of prayer beads used in Islam. What began as curiosity soon became a profound encounter with Our Lady and her Son.

Nikki started visiting a Catholic church, initially to argue with the Crucifix, determined to prove Jesus was not the Son of God. Day after day she returned, challenging Him in the silence of the empty church. But God had other plans.

In a dramatic moment, she heard Jesus' voice: "Who are you to tell Me who I can be and cannot be? If you want to know the truth, come back like a child." This divine invitation broke through, leading her to surrender.

Through the Rosary, Eucharistic Adoration, and the gentle intercession of the Blessed Mother, Nikki experienced the Real Presence of Christ and entered the fullness of the Catholic Church. Her children later followed her into the faith.

They were once the faces of the NBA's next great point guard generation.

🏀 Chris Paul — RETIRED
🏀 Russell Westbrook — RETIRED
🏀 Stephen Curry — STILL ACTIVE YEAR 18
🏀 John Wall — RETIRED
🏀 Derrick Rose — RETIRED

From Lob City to triple-doubles, explosive drives, impossible threes, and MVP seasons—they helped define an entire era of NBA point guards.

Now, Steph Curry is the last one still standing.

'WALA SILANG RESPETO'

Rovelyn Baterbonia, mother of the late basketball player Rene Clert "Bobet" Baterbonia, has admitted that she has yet to forgive Ateneo de Manila University (ADMU).

In an interview on YouTube show 'Toni Talks,' Rovelyn said she felt that the university disrespected her son and their family following the ill-fated team-building activity in Aurora.

"Hinintay ko talaga sila na pumunta sa akin, mag-explain na ganyan ang nangyari, aksidente talaga. Tapos hinintay ko 'yong paghingi nila ng tawad sa kung ano man ang nangyari sa anak ko."

"Tapos na sana 'yon, Ma'am, kasi tao lang naman ako. Pero sa feeling ko parang wala silang respeto sa amin na mahihirap."

Rovelyn then claimed that the staff of ADMU didn't dress or clean her son's remains when they brought him from a hospital in Aurora to Arlington Memorial Chapels and Crematory in Quezon City.

"Dinala nila 'yung anak ko doon sa Arlington, walang kasama, walang Ateneo, walang teammates na kasama. Kahit nag-convoy lang, wala talaga," she said.

NATAGPUANG PATAY SA PASAY

Wala nang buhay nang matagpuan ang isang lalaki ilang metro ang layo mula sa Senado ngayong Huwebes, Aug. 13, ayon sa Philippine National Police (PNP).

Nakita ang biktima, na nasa 60 hanggang 65 anyos, sa may Libertad Channel cor. Diokno Blvd. sa Brgy. 76, Pasay CIty.

Base sa initial investigation, napansin ng ilang testigo na nagsusuka ng dugo ang lalaki gabi noong Miyerkules, Aug. 12.

Sa ngayon, natural death ang tinitignang sanhi ng pagkamatay ng lalaki. Isasailalim pa ito sa angkop na medical examination ng pulisya. | via #MOJO Jazz Paredes

‘NAPAKA-IRONIC’

Tinawag na “ironic” ni Sen. Robin Padilla ang pagbanggit ni dating Department of Public Works and Highways (DPWH) secretary Manuel Bonoan sa kanila ni Sen. Bong Go na kabilang umano sa mga nagsumite ng listahan ng infrastructure projects sa DPWH sa ilalim ng "leadership funds" noong 2025.

Kasunod ito ng pagtestigo ni Bonoan sa kasong malversation laban kay dating senador Bong Revilla at mga kapwa-akusado nito kaugnay ng P92.8 milyong ghost project sa Pandi, Bulacan.

“Kami pang dalawa na less privileged senator ang napangalanan. Namamalimos na lang po kami ng pondo dahil oposisyon po kami,” saad ni Padilla sa isang post.

“Nakadalawang taon na rin po ako at tatlong taon naman si [Sen. Bong Go] na FLR (for later release, walang pondo) ang mga proyekto,” dagdag niya.

Tatlong araw daw kami sa bundok kaya naghanda ako ng powerbank at flashlight, akala ko kasi walang kuryente at signal. Pero pagdating namin sa Pakpak Lawin Elementary School sa Gloria, Oriental Mindoro, may solar power at wifi pala na ikinabit para sa mga teacher since 2019. Mas mabilis na ngayon ang komunikasyon at nakakarating na sa mga estudyante ang mahahalagang leksyon. Good job sa mga teacher ng Gloria, Mindoro at good job Deped!

I find it troubling that the private prosecutor would do this in the middle of a courtroom hearing.

What Carrel witnessed was medically impossible. The sudden, complete cure of Marie Bailly left the skeptical doctor stunned. Though it took years for him to fully surrender his doubts, this miracle planted seeds that eventually led him back to the Catholic faith of his childhood.

By 1942, Dr. Carrel publicly affirmed his belief in God and the teachings of the Church. In 1944, as he lay dying, he received the Last Rites. The scientist who went to Lourdes to disprove miracles ultimately found faith through one he could not deny.

A powerful reminder that God can reach even the most skeptical hearts through Our Lady's intercession.

In 1902, Dr. Alexis Carrel—a brilliant French surgeon and future Nobel Prize winner in Medicine (1912)—was a confirmed skeptic and agnostic.

He traveled to Lourdes not as a believer, but as a scientist determined to expose what he thought were mere illusions or cases of hysteria.

On the train to Lourdes, Carrel met Marie Bailly, a young woman dying from advanced tuberculous peritonitis. Her abdomen was severely swollen and hard, she was in constant pain, semi-conscious, and given only hours to live. Carrel examined her and confirmed the hopeless diagnosis.

At the Lourdes grotto, Marie was bathed with the holy water. Dr. Carrel watched closely, stopwatch in hand, carefully recording every detail. To his shock, within minutes, her distended abdomen began to flatten dramatically. Her pulse strengthened, color returned to her face, and pain vanished. In less than half an hour, Marie was completely healed — sitting up, walking, and restored to full health.
